

## People, Get to Work (Em)

Music & Lyrics by Alastair Moock ©2020 Moockshake Music

|: Em :| x2

People, get to work, people, get to work  
Roll your sleeves up, knuckle down, people get to work  
A boulder won't just move itself, shoulder up and start to help  
People, get to work, people, get to work

|: Em :| x4

Children, gather round, children, gather round  
Put your hands in, pick your tools out, children gather round  
You can't get no building done when your hammer isn't swung  
Children, gather round, children, gather round

|: Em :| x2

People, get to work, people, get to work  
Roll your sleeves up, knuckle down, people get to work  
That boulder won't just move itself, shoulder up and start to help  
People, get to work, people, get to work

*Solo (over form)*

Children, love will win, children, love will win  
Pick your chin up, plant your seeds now, children love will win  
Put your muscle in this fight, what is wrong, you make it right  
Children, love will win, children, love will win

People, get to work, people, get to work  
Roll your sleeves up, knuckle down, people get to work  
Put your shoulder to that boulder// 1-2-3 now, roll it over  
People, get to work, people, get to work x2
