*Intro:* |: Ab :| x4

November was cold, as cold as cold can be  
It left me bare and windblown as a Maple tree  
I see the look on your face and I recognize that place  
I know you feel about the same as me

	Ab		Bb7	
	Eb		Ab	
	Ab		Bb7	
	Eb		Ab	

*Pre-Chorus*

But I'm picking up a shovel in the morning  
Hand my old overalls to me

	Db		Ab	
	Db		Eb	

*Chorus*

I'm putting seeds in the ground and the world keeps spinnin' round  
There's sunshine coming, just look up and see

	Ab		Bb7	
	Eb		Ab

I know the wind'll blow but that January snow  
Is gonna bring up something good behind  
It's holding in the heat deep down below our feet  
And now it's just a matter of time

*Pre-Chorus*

*Chorus*

*Instru:*

	Ab		Bb7	
	Eb		Ab	
	Db		Ab	
	Db		Eb

Spring is coming on and the days are getting long  
The wintertime will be a memory soon  
That snow is gonna melt and the water that it held  
Is gonna bring up *something* new
